

Barney D Reed
Vice President USA Table Tennis

A lifetime commitment to USA Table Tennis means the work is never done. As your Vice President my priorities continue to be Player Development, Increased Prize Money/Awards for “All Events” in National Tournaments and also the over all improvement of Membership Services.

Of course we all contribute to the success of Table Tennis in the United States and our focus should not waiver as we stay this course. It is with everyone working together towards a common goal that will eventually pay big dividends to the sport and to our Table Tennis Membership.

My experiences with the Sport as an Author, Player and International Coach gives me a unique insight in understanding the complexities of the many issues facing our organization. It is this balanced view along with my energy and commitment that leads me to ask for your vote in this upcoming election.

The following list represents some of my current and past commitments to our Sport.

Thank you for your support.
